

BIKE 4 KIDS!
SATURDAY 30TH NOVEMBER 2013

Introducing: Cambodian Women's Crisis Center, our Cause Partner

CWCC works to **empower vulnerable women and girls** through three strategic programs: **prevention, protection and advocacy.**

With a need for service delivery to victims of violence against women, such as trafficking, sexual abuse (rape) and domestic violence, CWCC established **three safehouses** in Phnom Penh, Banteay Mean Chey and Siem Reap. They provide **protection and legal assistance** to girls and female victims of violence, and facilitate their **recovery and reintegration** to the community.
